Our Strategic Objectives

- To guide, support and inspire every child and adult to fulfil their potential
- To build our offer around a full commitment to inclusion and diversity
- To facilitate and promote the development of happy, confident and enthusiastic life long learners
- Every action will promote high aspirations and ambitions for future success
- To deliver an exciting and engaging curriculum
- To ensure daily we hold a values-led approach to all aspects of school life
- Every action will be considered around ensuring positive mental health and wellbeing for our children and adults

Our Commitment

We believe our students should be at the heart of everything we do.

We aim to support all children to become successful learners and to develop into young people of whom the family, academy and community can be proud.

We demonstrate the courage to innovate and empower every member of the school community to play their part in developing exciting and imaginative child-centered learning experiences.

We believe it takes a village to raise a child. In this way, we work with our families and communities to support the whole child.

We champion a collaborative approach to school improvement and develop and promote innovative and dynamic approaches to learning, combining levels of expertise across our academies. We believe in the power of collaboration at all levels.

We believe strongly in collaboration, bringing the voices of everyone into decision making and having inclusion at our heart.

We believe all our children and adults have the potential to achieve more than they ever thought possible and empower them to do so by committing to providing an exceptional education which all can access.
